ANNUAL REPORT 2009

Serving Clemson, Central and Pendleton

From the Director

As we at Clemson Community Care look back on the 2009 year we see a challenging year. We were challenged to provide services to all the people who came in to see us and challenged to stretch our time and money for these services. But we also see a year in which the community helped us meet these challenges through volunteering time, giving food or monetary donations.

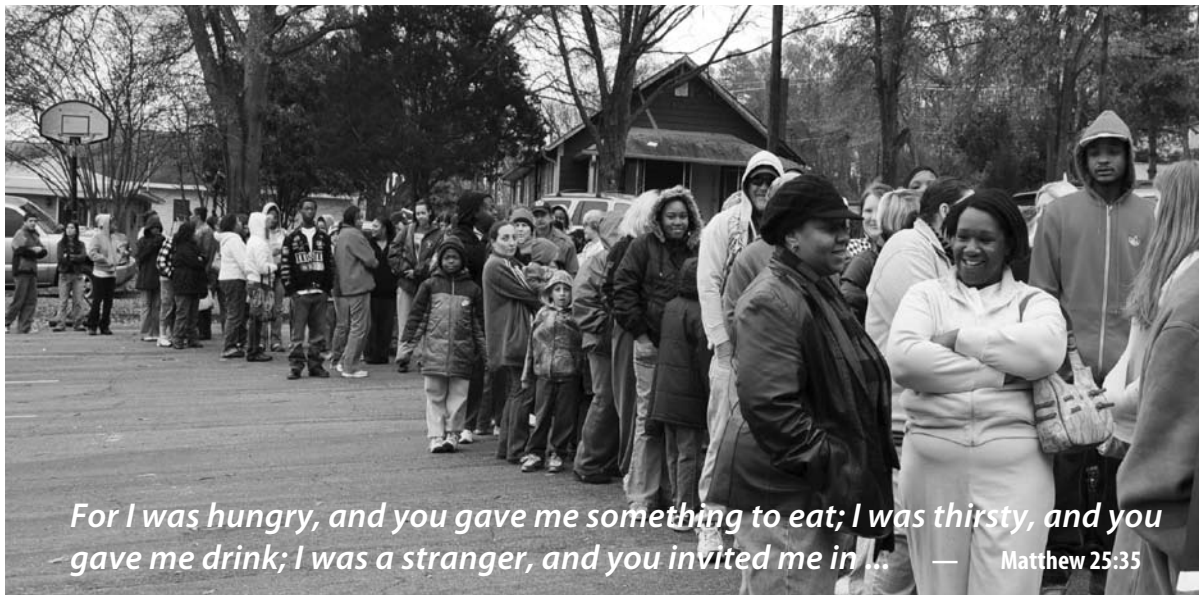

While our client numbers remained high, we have been able to continue our supplemental food programs such as Manna and Brown Bag along with Food Stamp application assistance, Angel Food, home repair, holiday help and job service. All of this has been possible because of community support.

Our clients are blessed to be in a community that works to provide a safety net of support for them. Our organization is blessed to be supported by that same community along with a group of dedicated staff, Board and volunteers working every day to improve the lives of those around them. And, I am blessed to be a part of Clemson Community Care and the work we do each day.

I look forward to continuing to work with you as we move in to 2010 helping our neighbors to help themselves.
